

This product is a heavy-duty, fully compounded cleaner that requires no chlorine additives, alkaline boosters or foaming detergents. Excellent for removal of carbonized, fatty, proteinaceous and blood soils from floors, walls, and food processing equipment. May be applied through foam-generating or pressure-washing equipment.

DIRECTIONS

For cleaning kill floors and boning rooms: **dilute 1:10- 1:20 with water**

For processing equipment and conveyors: **dilute 1:20-1:50**

For floors and walls: **dilute 1:30-1:50**

Rinse thoroughly with potable water.

STORAGE: Store in a cool dry place away from all ignition sources. Keep container closed when not in use. This product is designed exclusively for industrial and institutional use by trained personnel. This product is sold as is and the manufacturer makes no warranty, express or implied, of merchantability, fitness for a particular purpose or otherwise.

Este producto para uso industrial es un limpiador completo que no requiere aditivos de cloro, refuerzos alcalinos ni detergentes espumosos. Es excelente para quitar la suciedad carbonizada, grasosa, proteínica y sangrienta de los pisos, paredes y las maquinarias para procesar productos alimenticios. Se puede aplicar por medio de maquinarias que formen espuma que laven a presión.

and eye damage. Toxic if swallowed.**

Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible. Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product. Skin: Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure. Respirators: Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.
