In USDA Facilities

Concentrated Foaming Alkali Cleaner

Net Contents: On Containers

Caution:
For Professional Use Only.
Keep Out Of Reach Of Children.
Please read all precautions and SDS
before using this or any product.

This product is a double-chelated, highly caustic foaming cleaner and degreaser used for removal of carbonized and greasy soils as well as natural and liquid-smoke residue. May be used with foaming and pressure spray equipment or by soaking or manual application. Excellent for cleaning smokehouses, ovens, fryers, and other food processing equipment. Do not use on aluminum or other soft metals.

Directions:

FOR SOAK CLEANING: dilute 1-4 ounces of product per gallon of water; **FOR PRESSURE WASHING:** dilute 3-4 ounces per gallon; **FOR FRYER BOIL-OUT:** use 4 gallons of product per 100 gallons of water. Rinse thoroughly with potable water. **FOR OVEN CLEANING:** use undiluted or dilute up to 1:5 with water. Apply to surfaces and allow 5-10 minutes to penetrate. Rinse thoroughly with water.

Danger!
Harmful if swallowed.
Causes severe skin burns and eye damage.
May be corrosive to metals.

Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible. Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product. **Skin:** Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure. Respirators: **Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.**

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.
