before using this or any product.

A low foaming floor cleaner that is perfect for removing the toughest soils. It has been fortified with cutting edge low foaming detergents to cut through the heavy grease and soil deposits. It has been designed for use in applications where high foaming is commonly a problem. This perfect blend of detergents will penetrate soils and grease, leaving floors bright and shiny. This versatile product can be used in a wide variety of applications, ranging from auto scrubbers to mopping.

USE DIRECTIONS:

Dilute 50-60:1 (2-3oz per gallon) for light soils, 20-40:1 (4-6 oz per gallon) for heavy soils.

FLOOR SCRUB MACHINES:

Equip machine with aggressive brushes such as steel wire and fill reservoir with cleaner. Double-scrub procedure will give best results. Lay down solution with scrubbing action and allow solution to remain on surface 5 minutes - then lower squeegee blade, scrubbing again and pick up.

CONVENTIONAL ROTARY FLOOR MACHINE:

Equip machine with aggressive brush such as steel wire. Spray, mop or spread cleaner on surface. Scrub area and allow to remain 5 minutes. Scrub again and pick up soiled solution with wet-vacuum or mop.

MANUAL CLEANING:

Apply cleaner by spray mop or sponge and follow by aggressive double brushing or scrubbing. Pick up soiled solution with wet-vacuum, mop or wiping.

Danger!
Causes severe skin burns and eye damage.
Causes serious eye damage.

Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible. Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product. Skin: Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure.

Respirators: Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.
