

## Blue Blast Premium Heavy Duty Pumice Hand Soap

**Blue Blast** is a premium industrial-strength, hand cleaner that combines the degreasing power of detergents with the scrubbing action of pumice to remove the heaviest of grease and oils. This product will work in the toughest of applications from mechanic shops to auto body shops. Special high foaming ingredients help carry dirt away and make rinsing a snap. **Kleen Hands** is fortified with special emollients to help prevent hands from drying out and cracking. TNT leaves hands clean and soft.

### Benefits:

- **Made with heavy duty detergents and emulsifiers**
- **High foaming and easy rinsing.**
- **Contains a special grade of pumice to leave hands soft.**
- **Penetrates deep into grease and oils for easy removal.**
- **Contains coconut oil to prevent hands from drying out.**
- **Leaves hands smelling clean and fresh.**
- **Formulated to clean the dirtiest of hands.**
- **Great for mechanics and auto body specialists.**

### Directions For Use:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS and test in a small inconspicuous area.

Add ample amount to palm of hands and lather for 30 seconds. Rinse with warm water.

**Warning!**  
**Causes eye irritation.**

### Prevention:

**Do not eat, drink, or smoke while using this product.**

### Precautionary Statements (First Aid):

**Eyes:** Flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. If irritation persists  
**Skin:** Flush skin with plenty of water while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

**Ingestion:** Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Contact a physician.

**Inhalation:** Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.
