

Gerry PC Cleaner-XF

Concentrated Alkaline Cleaner/Degreaser

CAUTION

KEEP OUT OF REACH OF CHILDREN

**Algonquin Products Company
1355 B-1 West Oak Commons Lane
Marietta, GA 30062**

DESCRIPTION: Gerry PC Cleaner is a powerful, heavy-duty, concentrated, alkaline cleaner and degreaser. It is an excellent soil emulsifier, and is both versatile and economical. It is also chlorine-compatible and hard water tolerant. It is designed for use in food processing facilities.

DIRECTIONS: FOR FOOD PROCESSING EQUIPMENT:

GENERAL PURPOSE CLEANING: Dilute 4 to 10 ounces per gallon of water. Apply by spraying or wiping. Scrub, if necessary. Rinse thoroughly with potable water.

FOAM CLEANING: Dilute 6 to 10 ounces per gallon of water for foam cleaning, depending on degree of soil. Foam solution onto soiled surfaces; scrub if necessary. Rinse thoroughly with potable water. **PRESSURE**

WASHING: Dilute 6 to 10 ounces per gallon of water for pressure washing, depending on degree of soil. Apply solution to soiled surfaces, scrub, if necessary. Rinse with potable water. **MIXING WITH CHLORINE:** Gerry PC Cleaner may be mixed with sodium hypochlorite (bleach) at a 1:1 dilution to make an enhanced concentration. Mix only enough product to use up during cleaning shift. Further dilute mixture as above for manual, foam cleaning, or pressure washing.

BIODEGRADABLE: All detergents used in the manufacture of this product are biodegradable. Note: When used on alkali sensitive metals such as aluminum and galvanized, monitor concentrations and contact time to avoid potential damage. Also, thorough rinsing is always required.

DANGER CAUSES EYE BURNS HARMFUL IF SWALLOWED

Causes eye burns and can cause blindness. Causes severe skin irritation and can cause burns depending on length of contact. **DO NOT** allow product to contact skin, eyes, or clothing. **DO NOT** breathe vapors or spray mist. **DO NOT** swallow this product. Repeated exposure can have cumulative effects. Further information on the effects of overexposure is included on the Material Safety Data Sheet, which is available upon request from your employer. Wear splash proof safety goggles during product use and when eye contact is possible. Wear nitrile, neoprene, natural rubber, or other resistant gloves; also wear a face shield and rubber apron whenever splashing can occur. For spray applications, use product in well-ventilated areas only; open windows/doors and use exhaust fans. Remove contaminated clothing promptly and **DO NOT** wear until thoroughly cleaned. After handling, wash hands thoroughly with soap and water.

FIRST AID: EYES: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention immediately. **SKIN:** Immediately flush affected skin with plenty of water for at least 15 minutes. Get medical attention immediately. **INHALATION:** Move exposed person to fresh air at once. Get medical attention immediately. **INGESTION:** If this product is swallowed, **DO NOT** induce vomiting. If affected person is conscious give plenty of water to drink. Get medical attention at once.

DISPOSAL AND/OR SPILL INFORMATION: As with all cleaning and maintenance procedures, run-off from the cleaning or maintenance process should be diverted to a collection vessel, or where permitted, to a sanitary sewer (consult local and state regulations) and not allowed to soak into the ground or to enter a storm sewer. If this product is spilled or contaminated and cannot be used deposit in a clean, sealable D.O.T. specification container for disposal as a hazardous waste. Rinse area well with water.

STORAGE: Store tightly closed container in dry area at temperatures between 40°F (4°C) and 120°F (49°C).
