

PRODUCT DESCRIPTION:

VANILLA DEODORANT is a highly concentrated, liquid deodorant, especially formulated with the highest quality perfumes, ethoxylates and surfactants to promote the rapid release of fresh scent. This product is especially well suited for dumpsters, garbage trucks, "sweet-pea-rooms" and other industrial uses.

DIRECTIONS:

VANILLA DEODORANT is a highly concentrated odor control agent, and should be diluted with water prior to use. The optimum use is 6 ounces to each gallon of water. When cleaning is completed, rinse with a solution of this deodorant and fresh water. When used to reduce odors emanating from decay or other germ producing areas, **VANILLA DEODORANT** must be applied directly to the source of the odor. The area needs to remain moist for a period of time.

At a dilution of 2 to 6 ounces per gallon **VANILLA DEODORANT** for use with injection system, fogger, pressure sprayer or spinner nozzles in tankers. Reapply as required.
