

BR-102

Powdered Truck & Pressure Wash

A 100% active powdered detergent that penetrates deep into surface film as well as grease and oils, leaving vehicles looking new. This product is specially formulated to be safe on all surfaces including paint, glass, mirrors, chrome and anodized aluminum. Easy rinsing for quick turnover time of vehicles. Leaves behind a bright, spot free surface. Will not harm polished aluminum.

DIRECTIONS:

Consult your local Representative for specific use instructions.

DO NOT ALLOW TO DRY ON SURFACE.

USE IN AREA WITH ADEQUATE VENTILATION.

MAKE SURE TO WEAR PROTECTIVE CLOTHING.

DO NOT USE IN HOT SUNLIGHT.

Danger!
Causes skin irritation.
Causes serious eye irritation.
Toxic if inhaled.

Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible.

Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product. Skin: Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure.

Respirators: Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.
