Vanilla Deodorant

Vanilla Scented Malodor Counteractant

Net Contents: On Containers

Caution:
For Professional Use Only.
Keep Out Of Reach Of Children.
Please read all precautions and SDS
before using this or any product.

DESCRIPTION

Suppresses and eliminates foul odors. Pleasant odor remains after use. Airborne odor causing particles are reduced. Repeat applications may be necessary periodically according to the conditions that prevail.

SUGGESTED AREAS OF USE:

Nursing Homes	Bed Pans
Apartment Buildings	Ashtrays
Refuse Areas	Locker Rooms
Factories	Dumpsters
Theaters	Add to Rug Shampoo
Hotels/Motels	Bathrooms
Restaurants	Air ducts
Athletic Clubs	School Buses
Schools	Add to Cleaning Solutions

This product is concentrated and should be diluted before use. See directions on side panel.

Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible. Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product.

Skin: Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure.

Respirators: Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.
