What is XT-500 LPH?

ITEM #:

1990

A vibrant non-corrosive low pH presoak. This special formula contains no harsh acids. This product produces a rich, thick citrus foam to carry away surface debris. Prepares surfaces for the detergent and rinse cycles. Rinse easily to prevent foam from carrying through to other stages of the wash.

Application Dilutions:

Touchless Presoak: 1:120-1:200 or 3/4-1 oz / Gallon Presoak For Friction Wash: 1:120-1:200 or 3/4-1 oz / Gallon

Warning! Causes skin irritation. Causes serious eye damage.

Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible. Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product. Skin: Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure. Respirators: Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.
