# FORMULA ONE

## Low pH Presoak & Detergent

NET CONTENTS:  
ON CONTAINER

CAUTION:  
FOR PROFESSIONAL USE ONLY.  
KEEP OUT OF REACH OF CHILDREN.  
PLEASE READ ALL PRECAUTION &  
SDS BEFORE USING.

### What is Formula One?

A low pH non hazardous cleaner that penetrates deep into dirt and road film, dissolving the bond between dirt and the surface. Will remove rubber and oil from road film, making the second step more effective in leaving a vehicle road film and dirt free without scrubbing. This product contains no harsh acids. Wiper marks quickly fade from windshields.

### Directions For Use:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS.

### Application Dilutions:

Touchless Presoak: 1:80-1:120 or 1-2 oz / Gallon

Presoak For Friction Wash: 1:80-1:120 or 1-2 oz / Gallon

### Danger!

Causes severe skin burns and eye damage.  
Causes serious eye damage.

### Prevention:

Do not eat, drink, or smoke while using this product.

Avoid breathing fumes, mist and overspray as much as possible. Use only in well ventilated areas.

Eyes: Wear safety glasses when handling product. Skin: Wear appropriate gloves to prevent skin exposure.

Clothing: Wear appropriate protective clothing to prevent skin exposure.

Respirators: Follow the OSHA respirator regulations if exposure limits are exceeded or if irritation or other symptoms are experienced.

### Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water for at least 15 minutes while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately. Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.
